Career Objectives

Motivated and detail-oriented **Software Developer** with strong skills in programming, problem-solving, and building real-world applications. Eager to contribute to team success through hard work, attention to detail, and continuous learning in modern software technologies.

Education

PRESIDENCY COLLEGE (AUTONOMOUS), BANGALORE <i>Master in Computer Application</i>	2023- 2025 <i>CPGA:8.1</i>
SESHADRIPURAM FIRST GRADE COLLEGE, BANGALORE <i>Bachelor in Computer Application</i>	2020-2023 <i>Percentage:75.4</i>
SESHADRIPURAM PRE UNIVERSITY COLLEGE, BANGALORE <i>Higher Secondary School</i>	2019-2020 <i>Percentage: 65.16</i>
SESHADRIPURAM HIGH SCHOOL, BANGALORE <i>Secondary School</i>	2018-2019 <i>Percentage:73.14</i>

Technical Skills

- **Programming Languages:** Python, Java, C/C++, JavaScript, PHP, Django
- **Web Technologies:** HTML, CSS
- **Databases:** MySQL
- **Tools & Platforms:** Git, VS Code, Jupyter Notebook
- **Core Subjects:** Data Structures, OOP, DBMS, Computer Networks, Operating Systems

Projects

Novel nook: Book Store Management System	Jan 2023 – May 2023
• Technologies Used: PHP, HTML, CSS, JavaScript • Description: Developed a responsive user interface that improved customer browsing experience, resulting in a 25% increase in user engagement. Created an admin dashboard for real-time sales tracking and report generation, enhancing decision- making for store management.	
FaceAI: Multi-purpose Intelligence face recognition and driver monitoring	Apr 2025 – Sep 2025
• Domain: Artificial Intelligence and Computer Vision • Technologies Used: Python, OpenCV, NumPy, TensorFlow/Kera's, Scikit-learn • Description: Developed an AI-based facial recognition system capable of detecting and identifying human faces using machine learning and image processing techniques. • The project utilizes Python, OpenCV, and deep learning models to perform real-time face detection, feature extraction, and identity verification.	

Experience

Django Developer Intern — PERPEX (Internship)	Nov 2025 – Feb 2026
• Developed and maintained web application modules using Django and Python, ensuring clean and scalable backend architecture. • Designed and implemented RESTful APIs for seamless data exchange between frontend and backend services. • Worked with Django ORM to handle database operations, optimize queries, and ensure efficient data retrieval.	

Certification

• Tata (Forage) – Cybersecurity Analyst and GenAI Powered Data Analytics	Sep 2025 – Nov 2025
• Computer Hardware and Tally ERP	Jan 2019 – Mar 2020

Volunteering

- **NCC “A” Certificate (1 KAR BATTALION)**

Declaration

I Hereby declare that the above information is correct accurate. I solemnly declare that all the information furnished in this document is free of errors to the best of my knowledge.
